

ATTENTION ALL BIDDERS:

SUBJECT: 2ND ADDITIONAL QUESTION AND ANSWER

FIBER OPTIC NETWORK – PHASE 1 AND VINCENT THOMAS BRIDGE

SPECIFICATION NO. 2720

37. Question:

Will the Port accept Emtelle air blown products as an alternate to Sumitomo?

Answer:

It is the Port's understanding that the above question is asking if the Port will accept Emtelle air blown products as an alternate to Sumitomo. *Per Section 01000.47 of the Specification, the Contractor may offer any equipment, material, or process for which the Contractor submits data supporting that such are substantially equal to that indicated or specified.*

For Bidder information, Buy America does not apply to this project and there will be no restrictions to material or equipment used for bidding purposes.
